FRENCH AND THE TALES OF BUN E. BONIFACE

Take your first step in French with "Bun E. Boniface"! "The tales of Bun E. Boniface is a bilingual picture series about a little bunny that grew up surrounded by love and adventure." Learn the language through story, art, and song! Using a multisensory approach, children will be immersed in the target language using the instructor's bilingual book/CD as the point of departure. They will learn to decode sounds and symbols into concepts relevant to their world. Age appropriate skills and vocabulary will be reinforced through fun activities and exercises. A wonderful introduction to the joy of language, the sole prerequisite is a healthy curiosity and a desire to have fun while learning! Cynthia Wildridge holds diplomas in the French language from the French Ministry of Education, and the Chamber of Commerce and Industry in Paris. On sabbatical in the Loire Valley, she conceived the bilingual series THE TALES OF BUN E. BONIFACE®, "Your child's first step in French ... through story, art, and song!"

THE LITTLE RED HEN: GOURMET ALL YEAR LONG

In this Night Light class we will examine the four different seasons and prepare gourmet dishes that match that season. Fall focuses on ingredients like sweet potatoes, Brussel sprouts, and green beans. Winter whispers for sweet and savory meatballs and Nutella hot chocolate. Spring screams for asparagus and spring rolls. Summer sings for strawberries, whipped cream, and pasta primavera. Your child will be exposed to a variety of foods, and will enjoy the fruits of their labor.

GARDEN BUG HOTEL

This class is for budding naturalists! My name is Anna SoRelle, and I’m a scientist. You may not know it yet, but you are a scientist too! In this spring afterschool class, we will explore the outdoor world from the tips of roots to the tops of trees. We’ll grow and nurture our own plants, make beautiful wooden framed bug “hotels” with our collection of sticks, leaves, and nuts, while learning about our many legged mini-neighbors, and get our hands dirty while discovering different kinds of gardens (some you might not expect!). There’s something here for every learner. I can’t wait to meet you in January!

LUV LEVEL-UP VILLAGE PROGRAM

Level Up Village empowers students to make a difference in their world through pioneering Global STEAM (STEM + arts) enrichment courses that promote design thinking and one-to-one collaboration between U.S. students and students in developing countries. LUV was developed by Neesha Rahim, M.S.W. Columbia University, and Amy McCooe, MBA, UT, Austin. 30% of the profits from the course sponsors a Global Partner who will be matched with a Lamplighter student, using the same technology and curriculum.
