

Our Smelly Dogs

By Gracie Hood

We have two dogs
They smell so bad,
That makes it hard
For Mom and Dad.
They hold their noses
And roll their eyes,
But I know they really
Love those guys.
When they sleep in my room
It makes me feel good,
Even though they're so stinky
And snore more than they should.
They love to eat food
Sometimes right off the table.
They'd eat the whole house
If they thought they were able!
Our dogs will protect us
If anything's wrong.
I hope our dogs' lives
Will be smelly but long.
