The Lamplighter School
2020 Spring After-School Program

Classes begin Tuesday, January 7, 2020 and end Friday, May 8, 2020
Hours: 3:45 p.m. – 4:45 p.m. (unless noted otherwise)
Carpool: 4:45 to 5:00 p.m

REGISTRATION

Online registration begins Friday, November 22, 2019 at 9:00 a.m. and closes on Monday, December 9 at 12:00 p.m.
Register online: Visit the NightLight icon on the Parent Portal.

Parents will be notified by the Business Office if a class is canceled due to insufficient enrollment, and every effort will be made to place students in other classes. Should an alternate class not be available, under these circumstances only, a refund will be given.

Please note that we cannot accommodate a child in a class that does not include their age or grade level.

CARPOOL

For NightLight activities, please use North Carpool for pickup. Carpool starts at 4:45 p.m. and closes at 5:00 p.m. All late pickups will be handled through the front office. In an emergency, please email Shari Krage to make special arrangements at skrage@thelamplighterschool.org

CONTACTS

NightLight Supervisor: Shari Krage x379
skrage@thelamplighterschool.org

NightLight Registration: Bill Wetsel x357
bwetsel@thelamplighterschool.org

Director of Auxiliary Programs: Judith Mullens x373
jmullens@thelamplighterschool.org

No NightLight classes scheduled for the following dates:
• Monday, January 20 – Martin Luther King, Jr. Day
• Tuesday, January 21 – Admission Playdate
• Wednesday, February 12 – Parent-Teacher Conferences
• Thursday, February 13 – Parent-Teacher Conferences
• Friday, February 14 – Presidents’ Day Weekend
• Monday, February 17 – Presidents’ Day Weekend
• Monday, March 16 - Friday, March 20 – Spring Break
• Friday, March 27 – Grandest Friends’ Day
• Friday, April 10 – Good Friday
• Thursday, April 23 – International Night

PARTNERSHIP CLASSES FOR SPRING 2020

The Spring 2020 NightLight program offers several classes in partnership with the following organizations:
CLASSICAL BALLET
This class lays a foundation for those students who are ready to learn the principles and beginning technique of ballet and music theatre through introducing basic beginning ballet steps in center time and across the floor. Basic stretches and terminology are also introduced. All of this is presented through a fun and imaginative teaching style along with engaging music so that the students can learn in a creative but disciplined setting. Introduction of the barre as well as simple choreography is also taught to introduce the students to the next level and prepare them for a musical dance performance.

- Amy Sowell
  - Grades: Pre-K – K/T1 | Class size: 12
  - Class Fee: $350

CHESS – BEGINNER
This class is for students with little or no Chess experience. This class will focus on introducing Chess to younger students and encouraging them as they take their first steps. The goal is to play a full game and understand the objectives.

- Chris Toolin
  - Grades: 1 – 3 | Class size: 14
  - Class Fee: $350

DRONES II
Drones is a great starter course that teaches younger students how to build, fly, and program a drone. Students first focus on the basics in maneuvering using a controller, then learn how to program the drones to conduct specific aerial maneuvers. Class activities include rescue missions and aerial racing, both individually and in teams.

- Lohith Alla
  - Grades: 2 – 4 | Class size: 12
  - Class Fee: $400

FOUR WAYS TO CODING
At its most basic, computational thinking is the process of identifying every individual step necessary to complete a task and being able to provide those steps in sequence so that someone or something can correctly complete the task. In this class we will use hands-on activities, thinking exercises (such as “What are the steps needed to put on your shoes?”), and the Scratch Jr programming app for pre-readers to develop our computational thinking skills.

- William Spencer Ryder
  - Grades: K – 1 | Class size: 12
  - Class Fee: $400

MANDARIN
This Mandarin Chinese course is designed to introduce the language through fun activities, including games, songs and crafts. Students will develop fundamental oral/aural skills. They will learn vocabulary covering various themes and familiarize themselves with sentence structures. This course will also expose the children to some cultural aspects: traditional food, art, and holiday celebrations.

- Jenna Reichstadt
  - Grades: K – 1 | Class size: 8
  - Class Fee: $350

PINTA ANIMALES COMO...
Enjoy this fun class and learn to paint like Picasso, Chagall, Francisco Toledo, Laura Owens, and other famous artists! Each day, we will practice Spanish and learn about “animales, colores, formas y técnicas.” We will engage in flexible art projects that foster creativity inspired by different artists from all around the world. We will use different techniques and ignite our imagination. We will prepare an individual and unique Animal Art Book to be taken home at the end of the semester.

- Adriana Carpizo
  - Grades: Pre-K – K/T1 | Class size: 10
  - Class Fee: $350

SEMI-PRIVATE MUSIC LESSONS:
CELLO, FLUTE, PIANO, VIOLIN and VOICE
Classes are taught by acclaimed concert artists and teachers from the DFW Institute of Musical Advancement (DIMATexas). Children will divide their time between solo lessons with their respective instruments/voice, as well as learning music theory and music history. They will prepare solo and duo memorized repertoire. Students will have access to beautiful recitals, fun festivals, and concerts, while developing their self-esteem and building confidence. Children are taught easy lullabies, memorization techniques, reading skills, and lively rhythms to aid their learning. Soon, your children will be playing well-known melodies for all the family to enjoy. The most important thing is to make expressive, beautiful music, while having fun learning a new instrument! Cello, guitar, and violin students are required to bring their own instrument to class.

- DIMATexas Concert Artists: Maddie Mullen (Cello), Nikko Martian (Flute), Eliza Smith (Piano), Diego Gomez (Violin), Hannah Leeper (Voice)
  - Grades: Pre-K – 1 (Piano, Violin) | Class size: 2
  - Grades: K – 4 (Cello, Flute, Voice) | Class size: 2
  - Class fee: $840

STRENGTHENING AND CONDITIONING
Each class is an exciting, age-appropriate mix of different sports and their skills along with fun speed, strength, and agility games and activities. Students will experience great success through perseverance and goal setting no matter their athletic ability. Sportsmanship, respect, and kindness are also valuable components of a PowerKids experience!

- Rhonda Adams
  - Grades: Pre-K – K | Class size: 12
  - Class Fee: $350

UKULELE
This group is designed for students who want to play ukulele and later the guitar. This course will prepare students to play their instrument with an ensemble in a variety of styles, developing instrumental technique, and culminating with a performance at the end of the semester.

- Spencer Kenney
  - Grades: Pre-K – K/T1 | Class size: 8
  - Class Fee: $350

WHO IS DOCTOR WHO?
The world-famous Lamplighter Doctor Who club continues its operations this Spring with the brand new 12th Season of Doctor Who, as well as some favorite classic episodes! We’ll write new entries into the ever-growing Lamplighter episode guide, have some deep dive discussions about the show, and (hopefully) meet some WHO celebs at the Dallas Fan Expo!

- Jeff Peck
  - Grades: 1 – 4 | Class size: 16
  - Class Fee $350
Yoga and Mindfulness
This class will involve basic yoga poses based on stories about animals. We will learn how to relax, quiet the mind, and stretch while listening to music. The school will provide mats and the students will have time for a quick snack brought from home. There will be activities to accompany the day’s lessons such as a journal entry. Students must be 4 years old to enroll. This is a 10-week class, ending on April 6.

- Liz Culin
- Grades: Pre-K (age 4) – K/T1 | Class size: 10
- Class Fee: $250

Tuesday Classes

Arts Activism Through Experimentation
Have you ever been to a museum and wanted to create your own masterpiece? Love going to art class, but wish you could do more! Come and learn about women in art and make your own work in their style. We will highlight famous female artists by learning about brief histories of their lives and their movements or techniques. If you love making different art projects, this class is for you!

- Jordan Palefsky
- Grades: 2 – 4 | Class size: 8
- Class Fee: $400

Ballet with Texas Ballet Theater
Texas Ballet Theater School provides a complete training program for both recreational dancers, as well as those aspiring to be professionals. The highly-skilled and professionally trained teachers provide the highest level of instruction, using elements and influences from the Royal Academy of Dance (RAD) curriculum. Minimum 6 students.

- Texas Ballet Theater School instructor
- Grades: 1 – 4 | Class size: 16
- Class Fee: $400

Chess - Intermediate
This class is for students who have taken Chess before and are interested in improving their skills. Learn the fundamentals of Chess, fun activities, and famous players of the past!

- Chris Toolin
- Grades: 1 – 3 | Class size: 14
- Class Fee: $400

Electric Driverless Cars
Have you ever wanted to learn about driverless electric cars? Join our program to learn what goes into electric cars and learn engineering and programming concepts by designing and programming a robot car that moves independent of a computer. This robot is built using the famous EV3.

- William Spencer Ryder
- Grades: 2 – 4 | Class size: 12
- Class fee: $400

France’s Historical Specialties & Monuments
Discover historical specialties and monuments of France through fun, hand-made activities and typical French songs. Learn about Paris and the Eiffel Tower while nibbling baguettes, cheese, and ham!

- Patricia Fremaux
- Grades: K – T1 | Class size: 8
- Class fee: $400

Junior Circuits
Kick your programming and gaming up a notch with Junior Circuits! Students learn the basics in conductivity using a USB input device that transmits signals from a plethora of conductive materials. We will learn circuitry using online tools like circuit map and tinkr cad.

- Lohith Alla
- Grades: 1 – 4 | Class size: 12
- Class Fee: $400

DIMA Semi-Private Music Lessons: Guitar, Piano, and Voice
Classes are taught by acclaimed concert artists and teachers from the DFW Institute of Musical Advancement (DIMATexas). Children will divide their time between solo lessons with their respective instruments/voice, as well as learning music theory and music history. They will prepare solo and duo memorized repertoire. Students will have access to beautiful recitals, fun festivals, and concerts, while developing their self-esteem and building confidence. Children are taught easy lullabies, memorization techniques, reading skills, and lively rhythms to aid their learning. Soon, your children will be playing well-known melodies for all the family to enjoy. The most important thing is to make expressive, beautiful music, while having fun learning a new instrument! Cello and guitar students are required to bring their own instrument to class.

- DIMATexas Concert artists: Nathaniel Earhart (Guitar), Jake Dickerson (Piano), Eliza Smith (Voice)
- Grades: Pre-K – 1 (Piano, Voice) | Class size: 2
- Grades: K – 4 (Guitar) | Class size: 2
- Class fee: $960

Tap and Hip Hop
Bring your tap shoes and get your toes tapping! Then, shift gears to get a little hop in your step and learn a few hip hop moves. We will learn the basics of tap dancing and hip hop to get you moving and grooving in this exhilarating class!

- Amy Sowell
- Grades: Pre-K – K | Class size: 10
- Class Fee: $400

Who is Doctor Who?
The world-famous Lamplighter Doctor Who club continues its operations this Spring with the brand new 12th Season of Doctor Who, as well as some favorite classic episodes! We’ll write new entries into the ever-growing Lamplighter episode guide, have some deep dive discussions about the show, and (hopefully) meet some WHO celebrities at the Dallas Fan Expo!

- Jeff Peck
- Grades: 1 – 4 | Class size: 16
- Class Fee: $400

Yippee-yi-Yoga
Let’s play yoga! Students will have fun learning yoga poses and breathing techniques through stories and games. Children will develop strength and flexibility, increase focus and concentration, build self-esteem and confidence, and learn how to relax!

- Cherry Fowler
- Grades: 1 – 4 | Class size: 16
- Class Fee: $400
**ACOUSTIC GUITAR**

This group is designed for beginning students who want to learn to play acoustic guitar. Students will learn to play the instrument in a group setting. Students will learn to read music, play from a chord sheet, play from tabs, basic knowledge of music theory, play with an ensemble in a variety of styles, developing instrumental technique and performing at school. Students are required to bring their own instrument to class.

- Joseph Reyes
- Grades: I – 4 | Class size: 6
- Class Fee: $400

**ARTE A TRAVES DE LA HISTORIA**

Want to learn about art and the history of Europe and Spanish, all while having fun? If so, this class is for you! Our young artists will travel through time and paint like cavemen, sculpt like the Greeks, get inspired by mosaic art from the Byzantine Empire, plus other fun projects to learn more about different civilizations. A fun introduction about the time period will be given in English (or in Spanish), followed by a project explained in Spanish. Students must be 4 years old to enroll.

- Adriana Carpizo
- Grades: Pre-K (age 4) – K / T1 | Class size: 10
- Class Fee: $400

**BASKETBALL SWISHHH**

Students will learn the fundamentals of basketball while learning how to work together as a team in an innovative, low-pressure, accepting, and exciting environment. Together, students will familiarize themselves with one of the most popular team sports in the world while gaining an appreciation for teamwork and group participation. Students will learn how to dribble, chest pass, bounce pass, one-handed pass, fake pass, pivoting, legal movement with the ball, layups, jump shots, and free throws.

- Sam Galbraith
- Grades: K – 1 | Class size: 8
- Class Fee: $400

**CHEERFUL HEARTS MUSIC AND MOVEMENT**

Hands on your hips, smile on your lips, cheer in your heart… ready to start! The goal of this class is to enable young students to realize their potential while enhancing confidence and self-esteem. This class will focus on basic skills and moves in dance and cheer. Students will learn the importance of teamwork and develop positive social interactions. Minimum 8 students.

- Jacqueline McKay
- Grades: Pre-K – K / T1 | Class size: 12
- Class Fee: $400

**CLASSIC BOARD GAMES**

Join us as we learn how to play different classic board games. It doesn’t matter if we win or lose, all that matters is that we have fun learning something new and playing with friends!

- Kendall Tucker
- Grades: Pre-K - K / T1 | Class size: 8
- Class Fee: $400

**COOK-A-BOOK**

Children’s literature is full of references to foods and other ideas that can inspire cooking activities for young students. In each session we will read a children’s story and create something yummy related to the story. Cooking is an important teaching and developmental tool, helping children to develop pride and confidence in their abilities, as well as learn how to organize ingredients, follow a sequence, and carry out multiple directions. Each session will feature a new, seasonally-themed or author-themed story and recipe. Each week your child will bring home the recipe we have created together, along with information regarding the story we have read.

- Cheryl Strauss
- Grades: Pre-K | Class size: 12
- Class Fee: $400

**FRENCH SCHOOL DAYS**

Discover a typical day of a little French child: breakfast, games in the yard, activities after school, and a lesson on how French children are dressed, and more. We will play, sing, and participate in a multitude of activities including making handmade crafts.

- Patricia Fremaux
- Grades: K – 2 | Class size: 8
- Class Fee: $400

**GARAGE BAND**

This course is for students who want to learn about playing music using multiple types of instruments. No previous experience is required. Students will learn to compose music by using backing tracks, mixing live sound, recording live music, and creating beats. Students will work primarily with the GarageBand app on the iPad to make projects. Students will also work with other apps and technologies associated with music making in the 21st century. Students can create their own sound, style, and songs all while having fun!

- Spencer Kenney
- Grades: I – 4 | Class size: 6
- Class Fee: $400

**MAKERFUN**

Students will explore light and sound circuits, and create linkages by joining craft sticks or other materials, and turning them into moveable creatures. Scripts, storyboards, and paper/cardboard animatronics will be designed by the students and showcased at an end of class exhibit open to parents. This is a 7-week class, ending on February 26. Special hours are 3:45 - 5:15 p.m.

- Jackie Hood
- Grades: T1 – 4 | Class size: 12
- Class Fee: $300

**MANDARIN**

This Mandarin Chinese course is designed to introduce the language through fun activities, including games, songs, and crafts. Students will develop fundamental oral/aural skills. They will learn vocabulary covering various themes and familiarize themselves with sentence structures. This course will also expose the children to some cultural aspects: traditional food, art, traditional holiday celebrations, and more.

- Jenna Reichstadt
- Grades: 2 – 4 | Class size: 8
- Class Fee: $400
MIT GAME DEVELOPMENT
Developed in 2003 by the MIT Media Lab, the Scratch computer language used in this class is specifically designed to teach computer programming to kids. Students will create animations and games using block programming in an internet browser or a free downloadable offline Scratch editor. As they learn how to create their games and animations, students will also learn all the major computer programming terms and concepts such as variables, string processing, loops, and more.

• Lohith Alla
  • Grades: 2 – 4 | Class size: 12
  • Class Fee: $400

PLEASE PASS THE MANNERS
Curriculum objectives include: meeting and greeting, school, how to set a table, getting organized for school, table manners, getting organized at school, appearance, good host and good guest, restaurant, morning and evening routines, eating at school, trick-or-treat, school bus, respect, nutrition, mistakes, conversations, gifts, thank you notes, travel, and it’s not all about you!

• Michelle Brown and Elise McVeigh
  • Grades: 1 – 4 | Class size: 12
  • Class Fee: $400

♫ DIMA SEMI-PRIVATE MUSIC LESSONS: GUITAR, PIANO, and VOICE
Classes are taught by acclaimed concert artists and teachers from the DFW Institute of Musical Advancement (DIMATexas). Children will divide their time between solo lessons with their respective instruments/voice, as well as learning music theory and music history. They will prepare solo and duo memorized repertoire. Students will have access to beautiful recitals, fun festivals, and concerts, while developing their self-esteem and building confidence. Children are taught easy lullabies, memorization techniques, reading skills, and lively rhythms to aid their learning. Soon, your children will be playing well-known melodies for all the family to enjoy. The most important thing is to make expressive, beautiful music, while having fun learning a new instrument! Guitar and violin students are required to bring their own instrument to class.

• DIMATexas Concert Artists: Nathaniel Earhart (Guitar), Jake Dickerson (Piano), Eliza Smith (Voice)
  • Grades: Pre-K – K (Piano) | Class size: 2
  • Grades: Pre-K – 1 (Voice) | Class size: 2
  • Grades: T1 – 4 (Guitar) | Class size: 2
  • Class fee: $960

REX SOLAR ROBOTICS
Set robots into motion using solar energy! We will learn about simple machines and how to build them using Technic LEGO. We will look into the benefit and impact of sustainable sources of energy, and safely wire a solar panel to harness the power of the sun. Don’t worry though, rainy days won’t stop this class; students will create a solar battery charger so that when the sun is away, we can still play with the stored energy.

• William Spencer Ryder
  • Grades: K – 2 | Class size: 12
  • Class Fee: $400

STRENGTHENING AND CONDITIONING
Each class is an exciting, age-appropriate mix of different sports and their skills along with fun speed, strength, and agility games and activities. Students will experience great success through perseverance and goal setting no matter their athletic ability. Sportsmanship, respect and kindness are also valuable components of a Powerkids experience!

• Rhonda Adams
  • Grades: T1 – 4 | Class size: 12
  • Class Fee: $400

THURSDAY CLASSES

TBT BALLET WITH TEXAS BALLET THEATER
Texas Ballet Theater School provides a complete training program for both recreational dancers, as well as those aspiring to be professionals. The highly-skilled and professionally trained teachers provide the highest level of instruction, using elements and influences from the Royal Academy of Dance (RAD) curriculum. Minimum 6 students.

• Joshua Barr
  • Grades: 1 – 4 | Class size: 16
  • Class Fee: $400

BB Bubble Science
Students learn the science of exploding bubbles, play with bubble solutions and wands, and explore bubbles found in the world around us. This is a 7-week class, ending on February 27. Special hours are 3:45 – 5:15 pm.

• Jacie Hood
  • Grades: T1 – 4 | Class size: 12
  • Class Fee: $300

CHEERFUL MUSIC & MOVEMENT
Hands on your hips, smile on your lips, cheer in your heart... ready to start! The goal of this class is to enable young students to realize their potential while enhancing confidence and self-esteem. Students will learn the importance of teamwork and develop positive social interactions. Minimum 8 students.

• Jacqueline McKay
  • Grades: Pre-K – 1 | Class size: 12
  • Class Fee: $400

CHESS – Advanced
This class is for older Lamplighter students with Chess experience who wish to continue learning. After some reviews, the students will continue discussing basic strategies, studying the history of chess, and analyzing games of famous players!

• Chris Toolin
  • Grades: 3 – 4 | Class size: 14
  • Class Fee: $400

COOK-A-BOOK
Children’s literature is full of references to foods and other ideas that can inspire cooking activities for young students. Each session we will read a children’s story and create something yummy related to the story. Cooking is an important teaching and developmental tool, helping children to develop pride and confidence in their abilities, as well as learn how to organize ingredients, follow a sequence, and carry out multiple directions. Each session will feature a new, seasonally-themed or author-themed story and recipe. Each week your child will bring home the recipe we have created together, along with information regarding the story we have read.

• Cheryl Straus
  • Grades: Pre-K | Class size: 12
  • Class Fee: $400

DRAWING AND PAINTING
Come join us for a fun-filled art class where young artists will practice different drawing and painting styles and techniques. We will also discuss and be inspired by several artists, from Vincent Van Gogh, to Jackson Pollock, to George Rodrigue. Students will learn about how various artists created their artwork and how their styles developed. This class encourages students to try new things and explore their own artistic style!

• Lizzie Bumpas
  • Grades: 2 – 4 | Class size: 6
  • Class Fee: $400
At its most basic, computational thinking is the process of identifying aspects: traditional food, art, and holiday celebrations.

- Lohith Alla
- Amy Sowell

DRONES II

**DRONES II**

In a PowerKids experience! Students will learn to play the instrument in a group setting. Students will learn to read music, play from a chord sheet, play from tabs, basic knowledge of music theory, play with an ensemble in a variety of styles, developing instrumental technique, and performing at school. This course will prepare students to play their instrument with a group and perform at the end of the semester.

To purchase equipment for the class, visit guitarcenter.com, walmart.com, or musiciansfriend.com. Guitars suggested for this class range from $79 - $209 at these locations.

- Chris Walker
  - Grades: 2 – 4 | Class size: 6
  - Class Fee: $400

THE FUNNY FARMERS

Do you like to laugh? Do you like making other people laugh? The Funny Farmers is just for you. It’s Lamplighter’s own version of *Saturday Night Live*! As always, there is a special end of semester performance!

- Jeff Peck
  - Grades: 1 – 4 | Class size: 16
  - Class Fee: $400

LEGO WEDO ROBOTICS

This course teaches important but simple machines concepts using LEGO robotics kits. Students will learn basic physical science concepts such as gears, pulleys, levers, and wheels and axles through observation, reasoning, prediction, critical thinking, and a discovery-based approach. Working individually, in pairs, or small groups, students will utilize their skills to create moving models, all while enhancing their creative and problem-solving abilities and building collaboration, teamwork, and communication skills. This class develops science, technology, engineering, and math (STEM) knowledge while incorporating lessons in computational thinking, engineering principles and language arts in a fun and engaging way. Minimum 5 students.

- William Spencer Ryder
  - Grades: K – 2 | Class size: 12
  - Class fee: $400

MOBILE APPS

Our world is becoming more and more saturated with cell phones and tablets, and with each cell phone comes hundreds of apps. Go beyond just using apps, and join us in creating them! In addition to creating apps and programs, you will learn the vocabulary and ideas that professional programmers use while creating their own programs. Using block-based programming, you will apply computational thinking and logic to solve problems and create your own app. We will even get the chance to see these apps work on an android cell phone or tablet.

- Lohith Alla
  - Grades: 2 – 4 | Class size: 12
  - Class fee: $400

PLEASE PASS THE MANNERS

Curriculum objectives include: meeting and greeting, school, how to set a table, getting organized for school, table manners, getting organized at school, appearance, good host and good guest, restaurant, morning and evening routines, eating at school, trick or treat, school bus, respect, nutrition, mistakes, conversations, gifts, thank you notes, travel, and it’s not all about you!

- Michelle Brown and Elise McVeigh
  - Grades: Pre-K – K/T1 | Class size: 12
  - Class fee: $400

**DIMA SEMI-PRIVATE MUSIC LESSONS: PIANO**

Classes are taught by acclaimed concert artists and teachers from the DFW Institute of Musical Advancement (DIMA Texas). Children will divide their time between solo lessons with their respective instruments/vocal. The goal of this class is to enable young students to realize their potential while enhancing confidence and self-esteem. This class will perform solo and duo memorized repertoire. Students will have access to beautiful recitals, fun festivals, and concerts. Children are taught easy lullabies, memorization techniques, reading skills, and lively rhythms to aid their learning. Soon, your children will be playing well-known melodies for all the family to enjoy. One of the most important things is to make expressive, beautiful music, while having fun learning a new instrument! Violin students are required to bring their own instrument to class.

- DIMA Texas Concert artist: Jake Dickerson
  - Grades: Pre-K – 1 | Class size: 2
  - Class fee: $960

**TRANSPORTATION ENGINEERING**

Travel with Play-Well as we explore different ways to get from here to there! Ride by train, fly an airplane to a new continent, and pilot a hovercraft. Build and create different modes of transportation out of more than 20,000 pieces of LEGO®, all while learning about the engineering concepts that make vehicles and vessels work.

- Christopher Lloyd-Davies
  - Grades: Pre-K – 1 | Class size: 16
  - Class fee: $400

**FRIDAY CLASSES**

**A BEAUTIFUL WORLD**

Come explore your creative writing skills with “A Beautiful World,” a creative journaling class. You will decorate, write, and keep your very own journals as we use our imagination to fill our pages full of fun stories, poems, and ideas throughout the year.

- Kendall Tucker
  - Grades: 1 – 4 | Class size: 8
  - Class fee: $350

**A TASTE OF A FEW FRENCH TALES**

Our Young Francophiles will continue to build French vocabulary and comprehension through an interactive immersion into the classic fairy tales of French author Charles Perrault, such as *Le Petit Chaperon Rouge* and *Le Chat Botté.* Activities will include craft, role-playing, and song... and tasting French food relevant to these tales. Bun E. Boniface will also share his new adventures with the children! This class is for returning students only.

- Cynthia Wildridge
  - Grades: K – 4 | Class size: 10
  - Class Fee: $350

**VIBRANT**

**UKULELE**

This group is designed for students who want to play ukulele and later the guitar. This course will prepare students to play their instrument with an ensemble in a variety of styles, developing instrumental technique, and culminating with a performance at the end of the semester.
